Summary report of South Nyack Electronics Waste Collection, Spring 2014

Date: Saturday, 26th April 2014.   Location: DPW yard, 65 Brookside Ave.   Hours open: 09:00 – 12:00

Number of individual residents using the service: **29**
Total number of electronics items collected: **132**

Most common items:

Television – 28   Computer printer – 13   Stereo – 12   Computer – 11   (See table and charts on next page).

Advertising methods: Village newsletter article, village e-mail alert, hand-delivered bi-lingual fliers.
Cost to village: DPW staff time for event set up and event participation. Storage container.
Benefit to village: Saves DPW staff having to collect individual items from curbside.
Benefit to environment: Saves items from being dumped in the landfill. Recycling/re-use of materials.
**Benefit to ARC**: Provides employment for county residents with intellectual and developmental disabilities.
        Provides funding for ARC from sale of stripped, sorted electronics components.
Event Volunteers: Mayor Bonnie Christian, Trustees Cathy McCue and Andrew Goodwillie, and ARC facilities
        manager Mr. Deramo.   **DPW event workers**: Superintendent James Johnson, Ryan Cassidy.

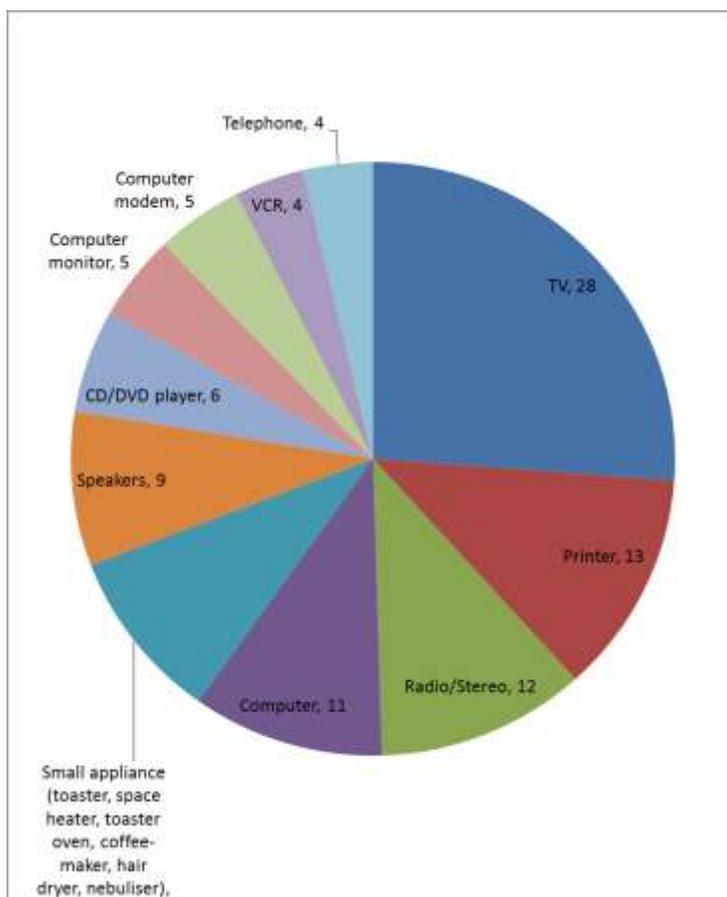

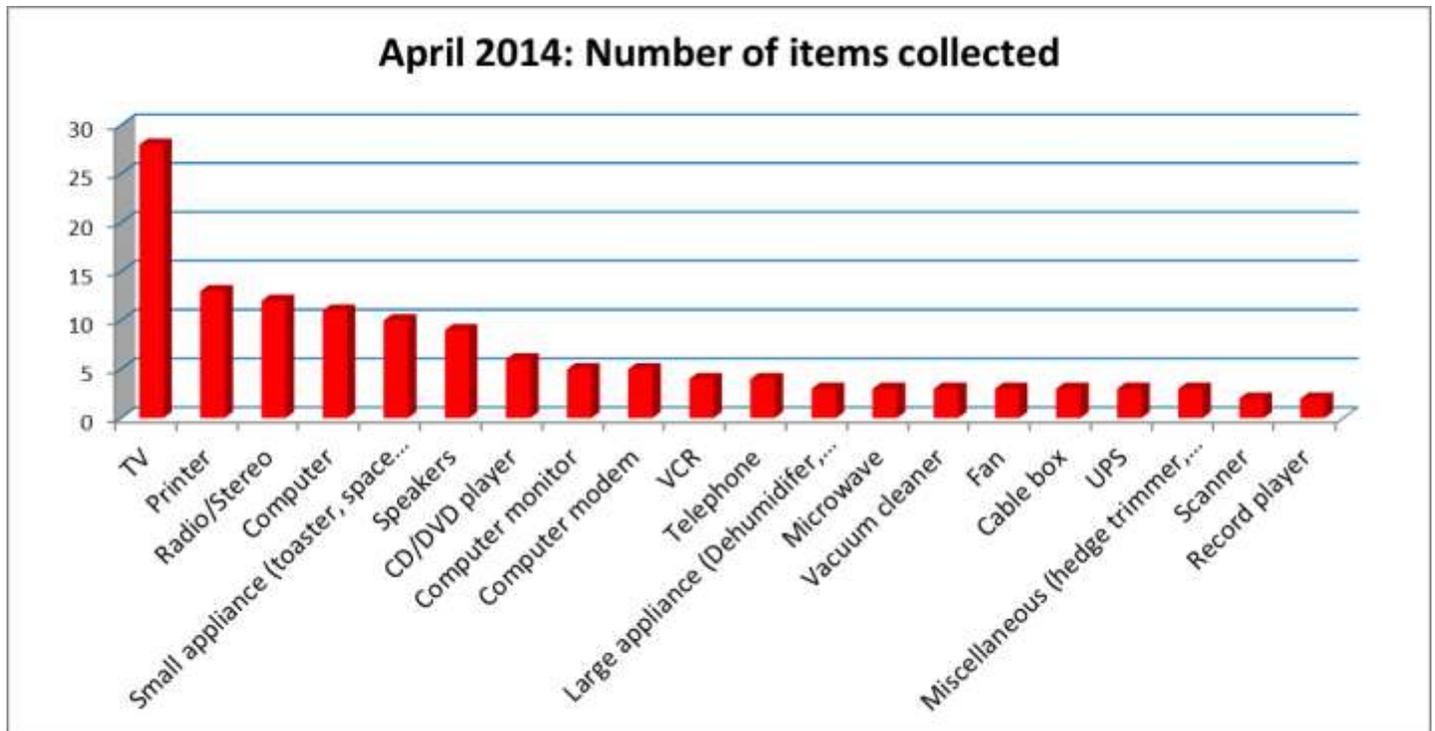

South Nyack residents Paul and Kathy Tappenden wheeled over their items to be added to the growing pile.

At the event, fliers available to residents included information on household hazardous waste disposal, storm water management, regional stream ecology, invasive plant species, and recycling.
