

# Renewable energy is coming to Orangetown!

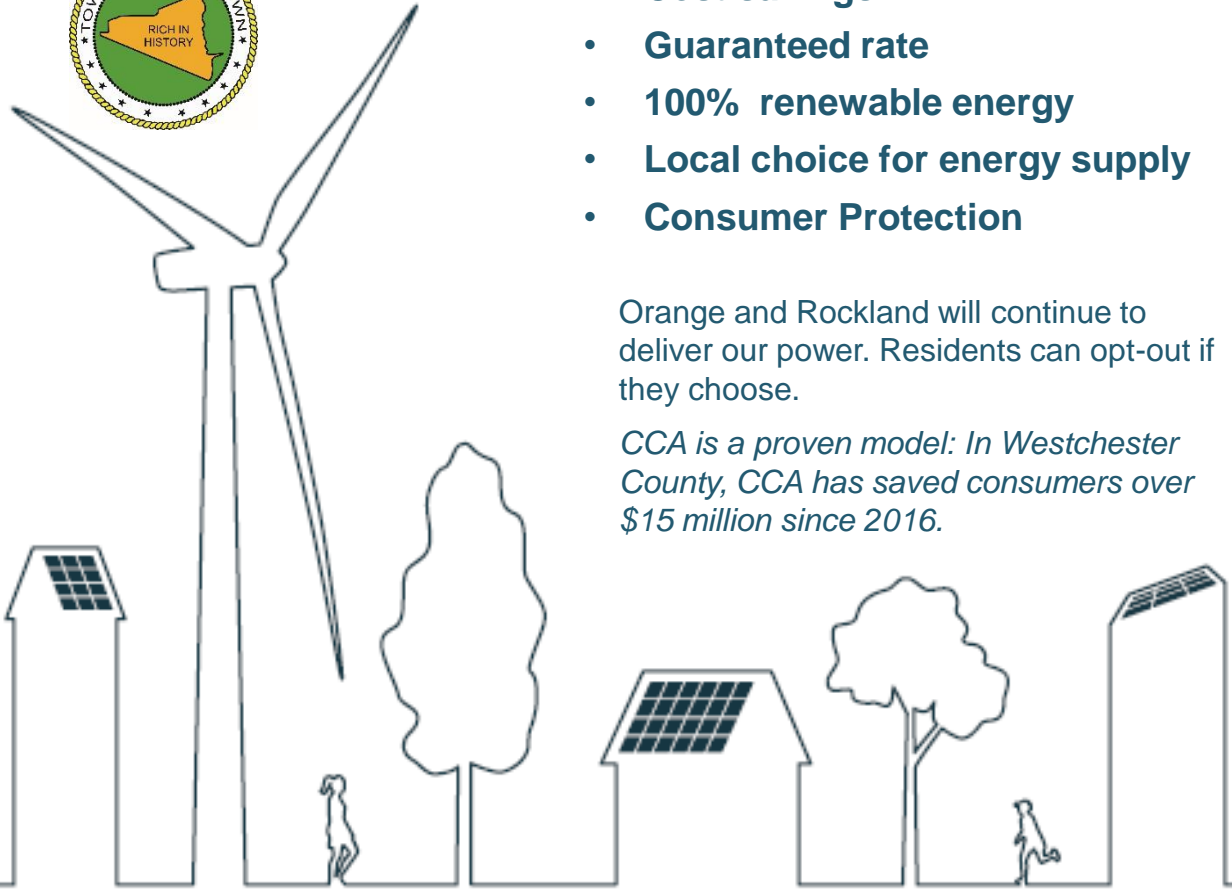

Orangetown is joining other Rockland communities in a Community Choice Aggregation (CCA) buying group for electric power to provide:

- **Cost savings**
- **Guaranteed rate**
- **100% renewable energy**
- **Local choice for energy supply**
- **Consumer Protection**

Orange and Rockland will continue to deliver our power. Residents can opt-out if they choose.

*CCA is a proven model: In Westchester County, CCA has saved consumers over \$15 million since 2016.*

Community Choice Aggregation is a New York State-supported program that allows cities, towns and villages to source energy on behalf of their residents and small businesses.
